VRIDA®

VRIDA is a brand that is synonymous with premium handcrafted ceramic decors. Each product is the result of the vast wealth of knowledge and manufacturing expertise of our company and the people we work with.

The most suitable procedure is chosen to create these collections on a case-by-case basis. Most work is done by hand, using various techniques like screen printing, sandblasting, stenciling, bulb glazing & hand painting for each specific design detail. The end result is a product that is high quality, superbly original, and handmade. The perfect combination of time-honored, refined techniques of traditional craft decoration with modern industrial processes using the best materials sourced from around the globe.

The search for new harmonies and aesthetic balances.

VRIDA is the answer to those in the search for alternative aesthetic solutions to commercially mass-produced ceramics. The products stand out for their strong originality and represent an interesting study of details and interpretation of contemporary trends.

Uniquely vibrant!, True Luxury

'RAKU firing' is a Japanese technique that uses all of the Earth's elements - fire, wind, earth and air - and creates an incredible glaze on ceramic, which varies in tone and texture each time. Its inspiration comes from the history of Ceramics, where metal oxides were used to create beautiful metallic effects & deep intense colours on artisan tiles.

LUXE
