VRIDA®

VRIDA is a brand that is synonymous with premium handcrafted ceramic decors. Each product is the result of the vast wealth of knowledge and manufacturing expertise of our company and the people we work with.

The most suitable procedure is chosen to create these collections on a case-by-case basis. Most work is done by hand, using various techniques like screen printing, sandblasting, stenciling, bulb glazing & hand painting for each specific design detail. The end result is a product that is high quality, superbly original, and handmade. The perfect combination of time-honored, refined techniques of traditional craft decoration with modern industrial processes using the best materials sourced from around the globe.

The search for new harmonies and aesthetic balances.

VRIDA is the answer to those in the search for alternative aesthetic solutions to commercially mass-produced ceramics. The products stand out for their strong originality and represent an interesting study of details and interpretation of contemporary trends.

Aquaforte

Artisan Collection

Versatility; refined, contemporary choice of style

Our Aquaforte Collection represents contemporary luxury as a meeting place for traditional design and today's new technologies. The result, expressed in a vocabulary that draws on the worlds of fashion and traditional handcrafting. Aquaforte is a range of products for interior architecture characterized by quality and aesthetic research, to add value to a variety of different spaces and types of design.

Since it's a handmade product, the presence of imperfect corners, irregular sides, veneering of the surfaces, and possible causes of oxidation of the metal leaves are not defects but an integral part of the characteristics of the product.
